# CHAIRS COUCHES CURTAINS NEW PRODUCT ART EXHIBITION 2009 WORKSHOPS

*It's all go at Design on James!*

*After another busy year in 2008, ending with the Garden & Art Festival, we kicked off 2009 with being involved in the Tauranga Food and Wine Festival on 15 March and were thrilled to be able to create a fantastic marquee complete with swagged voiles and stunning flower arrangements in festival colours of hot pink, orange and lime green.*

*Everybody wore white and received on arrival a straw hat with matching headband to compliment the whole scheme. It was fun to be involved in a community event that was supporting Waipuna Hospice and we thank all those people who contributed their time and energy into getting it off the ground. Gartshores were the major sponsors and helped to make it happen. Next year the organisers would like to see a lot more community spirit come alive and for everyone to get involved. We thought the whole day was fantastic and caught up with a lot of people we knew which made the day very special. We look forward to being involved again next year. A very big thankyou to Diane Walmsley our florist who as usual went the extra mile. If you would like flowers creatively put together, Diane now has a studio in Te Puna and has a wealth of industry experience. Dianne (who is featured in the*

(CUSTOMISED OPTIONS AVAILABLE)

## WHAT'S NEW...

*Embody*  
DESIGN COLLECTION

The Reflective Art series is the first part of the Embody Design Collection, and is a brand new and totally unique concept

designed and created by my daughter Rachel. The blending and layering of beautiful photographic images forms the design which is then applied to a mirrored surface, creating a unique reflective quality which illuminates and changes perspective in various light. Check out the website: [www.embodydesign.co.nz](http://www.embodydesign.co.nz) to view additional designs. Some of these will be in the showroom if you would like to come and have a look.

## ART exhibition
